

Red Pine Exploration Closes Financing

Toronto, Ontario – August 31, 2015 – Red Pine Exploration Inc (TSX-V: RPX) (“Red Pine” or the “Company”) announces that it has closed its non-brokered financing (the “Financing”) originally announced on July 2, 2015, pursuant to which it has received total gross proceeds of \$885,789, of which \$80,000 was subscribed by insiders and employees of the Company.

Quentin Yarie, President and CEO stated: *“We are pleased to close this financing with the support of long term shareholders including directors and management. We recognize that the mining sector is currently going through difficult times and we appreciate the confidence investors and shareholders have placed in Red Pine. We will continue to develop the project and work hard to maximize shareholder value”.*

The proceeds from the financing will be used to further the exploration work on the Wawa Gold Project. The Company’s exploration objective is to further expand the current inferred resource on the property by defining the gold mineralization both in the hanging wall and footwall of Surluga Deposit and by connecting the Surluga Deposit with the other historical mines on the property.

Pursuant to the entire Financing, the Company issued 17,515,789 flow-through units (“FT Units”). Each FT Unit, priced at \$0.05 per FT Unit, contains one common share of the Company on a “flow-through” basis, within the meaning of the Income Tax Act (Canada), and one half of one non-flow through common share purchase warrant. Each full warrant (the “Warrants”) carries an exercise price of \$0.10 per share and an expiry date of three years from the date of issue.

In addition, the Company issued 200,000 units (“Units”). Each Unit, priced at \$0.05 per Unit, contains one common share of the Company as well as one Warrant. Each Warrant carries an exercise price of \$0.10 per share and an expiry date of three years from the date of issue.

In connection with the Financing, Red Pine paid fees in the form of cash compensation of \$72,347 and issued 1,026,947 non-transferable compensation options, with each such option entitling the holder to acquire one common share of Red Pine at a price of \$0.05 per common share within three years from the date of issuance.

All securities issued pursuant to the Offering are subject to a restricted period of four months and one day from the date of issuance. The Offering is subject to receipt of final approval from the TSX Venture Exchange.

The Company also granted a total of 2,100,000 stock options to directors, officers and consultants of the Company on August 27, 2015 under the terms of Red Pine's incentive stock option plan filed with the TSX Venture Exchange and approved by shareholders at the last Annual General Meeting of Shareholders held on January 27, 2015. All options are exercisable at a price of \$0.055 per share for a period of five years and are subject to a four-month and one day hold period from the date of issuance.

Qualified Person

Quentin Yarie, P.Geo., is the qualified person in regard to the technical data contained within this news release and will be responsible for overseeing all aspects of the Company's exploration programs.
