

Red Pine Launches Virtual Tour of the Wawa Gold Project

TORONTO, ONTARIO – April 13, 2022 – Red Pine Exploration Inc. (TSXV: RPX, OTCQB: RDEXF) (“Red Pine” or the “Company”) is pleased to announce the launch of its Virtual Site Tour utilizing the VRIFY Technology Inc. (“VRIFY”) platform, leveraged to showcase the Wawa Gold Project. The VRIFY platform has been designed to assist investors in better understanding the scope of Red Pine’s 100% owned Wawa Gold Project, and to provide the visual aids and updates in the form of valuable new data flow out of the current drilling program and integrated into the platform. With the progress of the drilling program, the VRIFY platform will be able to grasp these successes and demonstrate any material project advancement and value creation for the Company’s stakeholders.

The 3D renderings and satellite imagery amalgamated into the VRIFY platform provides enhanced content to the Red Pine website, and via the VRIFY proprietary platform, a data rich showcase of the project’s historical drilling and recent developments, which is a much more informative and transparent experience for the viewer. The virtual site tour adeptly showcases regional exploration activities and surrounding producers, the Wawa Gold site location, infrastructure, land tenure, geologic setting, mineralization model, drill holes and upside deposit potential.

VRIFY Technology Inc. is a cloud-based 3D presentation and collaboration technology platform being used by companies to communicate with investors using 360° virtual tours of remote mining assets, 3D models and interactive presentations. VRIFY can be accessed by website and with the VRIFY iOS and Android apps.

“To follow our continued progress at the Wawa Gold Project, we encourage all shareholders to visit the new VRIFY model, accessible through our website and the VRIFY platform, to view our resulting geologic model and its evolution over time. The VRIFY platform will enhance communication of our results and add context and transparency of our project’s location, scale, resources, and drill results as they are released, helping potential investors and shareholders make informed decisions about the Company. VRIFY’s interactive platform has proven to be an intuitive and valuable investment tool as we systematically advance and de-risk the asset, and to better provide context to explore the new information provided following the Company’s public updates.
“– Quentin Yarie, President and CEO of Red Pine Exploration.
